EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lawrence E. Ashery on 05/03/05.

The application has been amended as follows:

Claims 7-23 and 30-35 are cancelled as non-elected claims.

Reason for Allowance

2. The following is an examiner's statement of reasons for allowance: The primary reason for allowance of the claims is that prior art neither teach nor fairly suggest the particular combination of the device for preventing a seizure of an object as presented in the independent claims 1 and 24. Major emphasis is being placed upon the provision of a specific "support means" with the associated "vibrating damping portion", in combination with other limitations of the said claims and their dependent ones.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
